## *The Cross of Christ*

The Cross of Christ is an original oratorio by composer & tenor Romulo Delgado and it is based on the seven last words of Christ on the Cross. Performed by a symphony orchestra. This moving and powerful oratorio explores the salvific meaning of suffering, the richness of hope, the deepness of faith and the everlasting love of God for humanity. Acclaimed for its cinematic qualities and its rich ethnic musical influences, The Cross of Christ's music provides the sacred text sublime magnitude and grandeur.

### **Composer note:**

*My son Rafael is the reason this work exists so I would like to dedicate this oratorio to all the sick children of the world, especially the complex care children and their families. May God grant them peace during their difficult struggles and the courage to hope and love always. May this oratorio also help all of us in our own personal journey of faith via the road of humility and complete abandonment to the will of God.*
